

HONG KONG KIDNEY FOUNDATION

July 2017

HONG KONG KIDNEY FOUNDATION

A non-profit making, voluntary organization,
incorporated on the 10th July 1979.

The initial set up was made possible
by a generous donation by Mr. Li Ka Shing
for the venue for the haemodialysis centre
at Kowloon City.

HONG KONG KIDNEY FOUNDATION

The HKKF Board of Governors is responsible for the governance of HKKF.

The Board members are medical professionals, society leaders and interested members of the general public, who serve as volunteers for HKKF.

Our vision

Better kidney health for all
and better quality of life for people
affected by kidney disease.

Our Mission

Promote kidney health
and support people suffering
from kidney disease.

Our strategies

- (1) Provide assistance, treatment and services to persons suffering from kidney failure
 - (2) Promote kidney health and awareness of kidney disease through general public education
 - (3) Promote organ donation
 - (4) Promote research into kidney disease and treatment
 - (5) Support training for medical and nursing staff.
